Delfina d	Achával	VELLIGAND@uthscsa.edu,	The Adaptation of Intermediate Measures of Functional Outcome in Argentina	Performance-based assessment of disability: Validity across different cultures and age-ranges	Symposia	14-Apr-10	University of Buenos Aries
Robert	Asarnow	rasarnow@mednet.ucla.edu	Dysfunction in a discrete corticalstriatal circuit reflects liability to schizophrenia	Poster Session #1 & Lunch	Poster Session	11-Apr-10	UCLA Department of Psychiatry
Smita P	Bhat	smita.pandey@cognitiongroup.com	Computerized Cognitive Testing in Schizophrenia: Patient Experiences.	Poster Session #1 & Lunch	Poster Session	11-Apr-10	The Cognition Group
GROUP*	.	I.Germeyz@sp.unimaas.nl	Familial co-segregation of cognitive performance and negative symptoms in schizophrenia	Poster Session #3 and Lunch	Poster Session	13-Apr-10	University Medical Centre, South Limburg Mental Health Research and Teaching Network
Anissa	Abi-Dargham	aa324@columbia.edu	Linking dopamine dysregulation to symptoms and clinical phase brain imaging studies	Dysregulation of the dopamine system: the final common pathway to schizophrenia?	Symposia	13-Apr-10	Columbia University
Clive E	Adams	clive.adams@nottingham.ac.uk	Loss to Outcomes Stakeholder Survey: The LOSS Study	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Cochrane Schizophrenia Group
Jean	Addington	jmadding@ucalgary.ca	Clinical High Risk for Psychosis: The Risk of False Positive	Poster Session #1 & Lunch	Poster Session	11-Apr-10	University of Calgary
Ofer	Agid	ofer_agid@camh.net	Scoring Algorithm for Predicting Long-Term Global Functioning in Patients with Schizophrenia	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Center for Addiction and Mental Health
Ofer	Agid	ofer_agid@camh.net	Placebo response in antipsychotic trials: a systematic review and meta-analysis	Poster Session #3 and Lunch	Poster Session	13-Apr-10	Center for Addiction and Mental Health
Ofer	Agid	ofer_agid@camh.net	Algorithm-based treatment of First-Episode Schizophrenia: Response Rates over Three second-Generation Antipsychotic Trials	Poster Session #2 & Lunch	Poster Session	12-Apr-10	University Of Toronto
Sima	Ahadieh	sima.ahadieh@pfizer.com	Model based meta-analysis of Positive and Negative Syndrome scale (PANSS Negative subscale) in stable chronic schizophrenic patients for monotherapy and adjunct therapies	Poster Session #2 & Lunch	Poster Session	12-Apr-10	1
Schahram	Akbarian	Schahram.Akbarian@umassmed.edu	Epigenome mapping in developing and diseased prefrontal cortex	Gene Expression in Schizophrenia - animal models and postmortem studies	Special Session	11-Apr-10	University of Massachusettes Medical School, Worcester, MA., USA
Schahram	Akbarian	Schahram.Akbarian@umassmed.edu	Molecular determinants of dysregulated GABAergic gene expression in the prefrontal cortex of subjects with schizophrenia	Genetic, epigenetic, and molecular aspects of GABA function in the pathophysiology of schizophrenia	Symposia	14-Apr-10	University of Massachusetts

First Name	Last Name	Email Address	Presentation Title	Session Title	Session Type	Session Date	Affiliation
Keiko	Akimoto	maygarden@m6.gyao.ne.jp	Prevention of Mothers' Mental Illness Deterioration: a retrospective review of 34 Japanese patients	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Kobe City Medical Center West Hospital
Nikolai	Albert	nikolai@hulen.no	Analyses of protective factors for patients with a good outcome five year after first episode psychosis.	Oral Presentation - Novel Interventions	Oral Presentations	13-Apr-10	University of Copenhagen
Silvia	Alemaný	silvia.alemany@ub.edu	Impact of specific types of early adversity events on adult psychosis-like symptoms: Preliminary results based in the UB-Twin Sample	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Unitat d'Antropologia, Departament de Biologia Animal, Facultat de Biologia, Universitat de Barcelona
A.G.	Alias	aliasag@yahoo.com	Negative Correlation between Negative Symptoms and Testosterone Levels with reference to a 'Susceptibility Locus' for Deficit Schizophrenia.	Poster Session #1 & Lunch	Poster Session	11-Apr-10	MHM Correctional Psychiatric Services
Judith	Allardyce	j.allardyce@sp.unimaas.nl	Systematic Review & Standardised Recalculation of incidence rates for schizophrenia across the life span.	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Dept of Psychiatry
Paul	Allen	p.allen@kcl.ac.uk	Altered association between hippocampal activation during episodic encoding and striatal dopamine function in people with prodromal symptoms of psychosis.	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Institute of Psychiatry, KCL
Muhammed N. M	Alwi	dmajibalwi@gmail.com	Efficacy of a Multisite Group Based Cognitive Remediation Program in Malaysia	International Perspectives on Group Based Approaches to Treating Cognition in Schizophrenia	Symposia	14-Apr-10	Cyberjaya University
Francesco	Amaddeo	francesco.amaddeo@univr.it	SES and Use of Psychiatric Services of People Suffering from Schizophrenia in a Community-Based System of Care	Schizophrenia and Homelessness	Symposia	14-Apr-10	Department of Medicine and Public Health, Section of Psychiatry and Clinical Psychology, University of Verona
Isabelle	AMADO	isabelleamado@yahoo.fr	Abnormal neurodevelopment in attention networks and executive functions in schizophrenia	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Hôpital Sainte Anne Inserm U894 Université Paris Descartes
Margarita	Amador	margarciamador@gmail.com	Frontal cortical thickness is associated with clinical improvement of negative symptoms in male adolescents with early-onset first-episode psychosis	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Hospital Universitario Gregorio Marañón, Department of Psychiatry, and Centro de Investigación Biomédica en Red de Salud Mental (CIBERSAM)
Davide	Amato	davide.amato@kcl.ac.uk	Time and Task-Dependent Inhibition of Dopamine responses to Novelty, Appetitive and Aversive stimuli induced by Haloperidol: An in-vivo Microdialysis Study.	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Institute of Psychiatry, Department of Psychological Medicine and Psychiatry

First Name	Last Name	Email Address	Presentation Title	Session Title	Session Type	Session Date	Affiliation
Suk Kyoan	AN	ansk@yuhs.ac	Attribution Bias in Ultra-High Risk for Psychosis and First-Episode Schizophrenia	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Dept. of Psychiatry, Yonsei University College of Medicine
Sergejus	Andruskevicius	s.andruskevicius@rvpl.lt	Circadian dynamics of the parameters of spectral analysis of heart rate variability in treating schizoaffective disorder	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Republican Vilnius Psychiatric Hospital
Linda	Antonucci	linda_a@hotmail.it	Abnormal cortical response during attentional control processing in healthy siblings of patients with schizophrenia	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Psychiatric Neuroscience Group – Department of Neurology and Psychiatry, University of Bari
Ana	Aparicio	aiaparicio@sescam.jccm.es	Neurocognitive function in Schizophrenia and Bipolar Disorder: a five-year follow-up study	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Hospital Virgen de la Luz
Jose A.	Apud	apudj@mail.nih.gov	Effect of tolcapone on brain regions underlying response inhibition in a sample of patients with schizophrenia compared to normal controls	Poster Session #1 & Lunch	Poster Session	11-Apr-10	CBDB-GCAP-NIMH-NIH
Celso	Arango	carango@hggm.es	Chair	Oral Presentation - Pathways to Psychosis & Misc Neurochemistry	Oral Presentations	13-Apr-10	Hospital University of Gregorio
Celso	Arango	carango@hggm.es	Discussant	Autistic and cognitive traits in the genetic understanding of the continuum in neurodevelopmental disorders and functional psychosis	Symposia	13-Apr-10	Hospital Gregorio Marañon,
Alberte	Araújo	aaaraujo@hotmail.com	Seasonality and schizophrenia admissions in Galiza	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Department of Psychiatry. Complexo Hospitalario Universitario
Silvia M.	Arcuri	s.arcuri@terra.com.br	Functional Disconnectivity and Formal Thought Disorder in schizophrenia: Integrating clinical, neuropsychological, neuroimaging and functional connectivity data	Poster Session #1 & Lunch	Poster Session	11-Apr-10	LIM 44, NIF
Barbara	Arias	barbara.arias@ub.edu	The analysis of genetic variability at COMT, CNR1, CNR2 and FAAH genes on cannabis use, schizotypy and psychotic-like experiences: a study in a Spanish general population.	Poster Session #2 & Lunch	Poster Session	12-Apr-10	Unitat d'Antropologia, Departament de Biologia Animal, Facultat de Biologia, Universitat de Barcelona
Marco	Armando	marco.armando@uniroma1.it	Factorial analysis of Psychotic Like Experiences and help seeking behaviour in a community sample of young adults	Poster Session #1 & Lunch	Poster Session	11-Apr-10	a) PhD School "Early Intervention in Psychosis" "Sapienza" University Department of Psychiatry

First Name	Last Name	Email Address	Presentation Title	Session Title	Session Type	Session Date	Affiliation
Jonathon	Arnold	arnie@imap.med.usyd.edu.au	An Animal Model of a Gene-Environment Interaction: The Role of NRG1 in Cannabis-Induced Schizophrenia	Gene-environment interactions in schizophrenia: advancing basic and clinical research	Symposia	14-Apr-10	School of Medical Sciences (Pharmacology) and Bosch Institute, University of Sydney, NSW 2006, Australia
Jørn	Arnt	ja@lundbeck.com	Lu AE58054, a potent and selective 5-HT6 antagonist, reverses subchronic PCP-induced cognitive impairment in a rat novel object recognition test	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Lundbeck Research Denmark
Haya	Ascher-Svanum	haya@lilly.com	Decline in the Rate and Cost of Psychiatric Hospitalization Following Initiation of Depot Antipsychotics in the Treatment of Schizophrenia	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Lilly USA, LLC
Zerrin	Atakan	zerrin.atakan@iop.kcl.ac.uk	Why does cannabis affect people differently? Comparing those with temporary psychotic symptoms vs. those with no psychotic symptoms following the oral administration of Δ-9-tetrahydrocannabinol – A functional MRI study	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Institute of Psychiatry
Maartje F	Aukes	M.Aukes@umcutrecht.nl	A Genome-wide Linkage Scan of Theta Band Activity as an Endophenotype for Schizophrenia	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Rudolf Magnus Institute of Neuroscience, Department of Psychiatry, University Medical Center Utrecht
Andrea	Auther	AAuther@LIJ.EDU	Cannabis Use and Prodromal Symptoms of Psychosis	Cannabis, amphetamines and early psychosis: Evaluating the risks for progression, neurobiologic models of interaction and implications for treatment	Symposia	14-Apr-10	The Zucker Hillside Hospital, Glen Oaks, NY, USA
A.George	Awad	gawad@hrrh.on.ca	Subjective Tolerability to Antipsychotics in Schizophrenia, Over 30 Years of Research: Are We on the Verge of a New Science of "Subjective Tolerability Disorders"	Oral Presentation - Pathways to Psychosis & Misc Neurochemistry	Oral Presentations	13-Apr-10	University of Toronto
Allen	Azizian	aazizian@usc.edu	The Repeable Battery for the Assessment of Neuropsychological Status (RBANS) in Patients with Schizophrenia: A Preliminary Study in Armenia	Poster Session #1 & Lunch	Poster Session	11-Apr-10	California Dept. of Mental Health
Silke	Bachmann	silke.bachmann@medizin.uni-halle.de	MEG does not reveal impaired sensory gating in first-episode schizophrenia	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Dpt. of Psychiatry, University of Halle

First Name	Last Name	Email Address	Presentation Title	Session Title	Session Type	Session Date	Affiliation
Elisabeth	Bacon	bacon@alsace.u-strasbg.fr	Accessibility to the semantic attributes of non recalled words in schizophrenia	Poster Session #1 & Lunch	Poster Session	11-Apr-10	INSERM U 666 and UdS
Inmaculada	Baeza	ibaeza@clinic.ub.es	Plasma Homovanillic Acid levels during the first-year after the diagnosis of a First Episode of Schizophrenia: association with negative symptoms	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Child and Adolescent Psychiatry and Psychology Department, Hospital Clínic
Moogeh	Baharnoori	moogeh.baharnoori@douglas.mcgill.ca	Maternal lipopolysaccharide administration leads to developmental alterations in hippocampal neuronal density and expression of cortical dopaminergic receptors in rat offspring	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Douglas Mental Health University Institute, McGill University
Jing	Bai	jing.bai@snv.jussieu.fr	Dopamine transporter (DAT) activity regulates the induction of synaptic plasticity in rodent prefrontal cortex	Poster Session #3 and Lunch	Poster Session	13-Apr-10	University of Pierre and Marie Curie-Paris 6
Leonie	Bais	L.Bais@med.umcg.nl	BRAIN ASYMMETRY FOR EMOTIONAL PROSODY IN KLINEFELTER'S SYNDROME: CAUSAL RELATIONS INVESTIGATED WITH TMS	Poster Session #1 & Lunch	Poster Session	11-Apr-10	Department of Neuroscience, University Medical Center Groningen, University of Groningen
Nikolaj	Bak	nikolaj@cnsr.dk	Source localization of sensory gating: a combined EEG and fMRI study in healthy volunteers	Poster Session #3 and Lunch	Poster Session	13-Apr-10	Center for Neuropsychiatric Schizophrenia Research (CNSR), Faculty of Health sciences, Copenhagen University, University Psychiatric Center Glostrup
Amanda	Baker	amanda.baker@newcastle.edu.au	The relationship between social problem-solving and emotional regulation in people with schizophrenia.	Poster Session #1 & Lunch	Poster Session	11-Apr-10	HunterNew England Health
P. Roberto	Bakker	p.r.bakker@planet.nl	Movement disorders are spectrum conditions in schizophrenia	Movement disorders should be a criterion for schizophrenia in DSM-V	Symposia	14-Apr-10	Maastricht University Medical Center
Karl-J.	Bär	karl-juergen.baer@med.uni-jena.de	Relationship between electrodermal activity and heart rate in patients with acute schizophrenia	Poster Session #2 & Lunch	Poster Session	12-Apr-10	Department of Psychiatry and Psychotherapy, Friedrich-Schiller-University
Karl-J.	Bär	karl-juergen.baer@med.uni-jena.de	Alterations of microcirculation in skin and muscle in patients suffering from schizophrenia	Poster Session #3 and Lunch	Poster Session	13-Apr-10	Department of Psychiatry and Psychotherapy, Friedrich-Schiller-University
